**Republic of the Philippines

**BUDGET MESSAGE**

**The Honorable Members  
Sangguniang Panlungsod**

Gentlemen:

May I submit the proposed Annual Budget for **FY 2013** of the City Government for both the General Fund and Operation of Economic Enterprise pursuant to Section 318 of R.A. 7160.

**A. INTRODUCTION**

This Executive Budget is different from Annual Budgets prepared in the past. Its unique character is highlighted by the use of the United Nations Millennium Development Goals (MDGs) as a guideline for assigning priorities for 2013, as well as the use of MDG tags for tracking and monitoring the city's progress towards achieving the MDGs.

In the year 2000, 191 nations around the globe signed the UN Millennium Declaration, the Philippines included. The declaration committed various nations to time-bound development goals. Eleven years after the UN declaration, and four years before the set MDG deadline of 2015, there remains several critical goals which the Philippines is at risk of not achieving.

The City of Alaminos is now looking at how its plans, programs and activities are helping achieve the MDGs. The 2013 Budget was prepared after a thorough deliberation with all concerned offices/departments to make it an effective tool for allocating equitably the limited resources of the City Government to the different sectors, with particular attention to improving the quality of the lives of our people. We are aligning our own goals with the country's commitment to the MDGs.

We have substantially committed funds for the programs, projects and activities needed for an efficient and effective delivery of the basic services in the Code. This Budget also integrates the City Development Plan into the expenditure program by proposing only those projects which have been ranked as top priority in AIP.

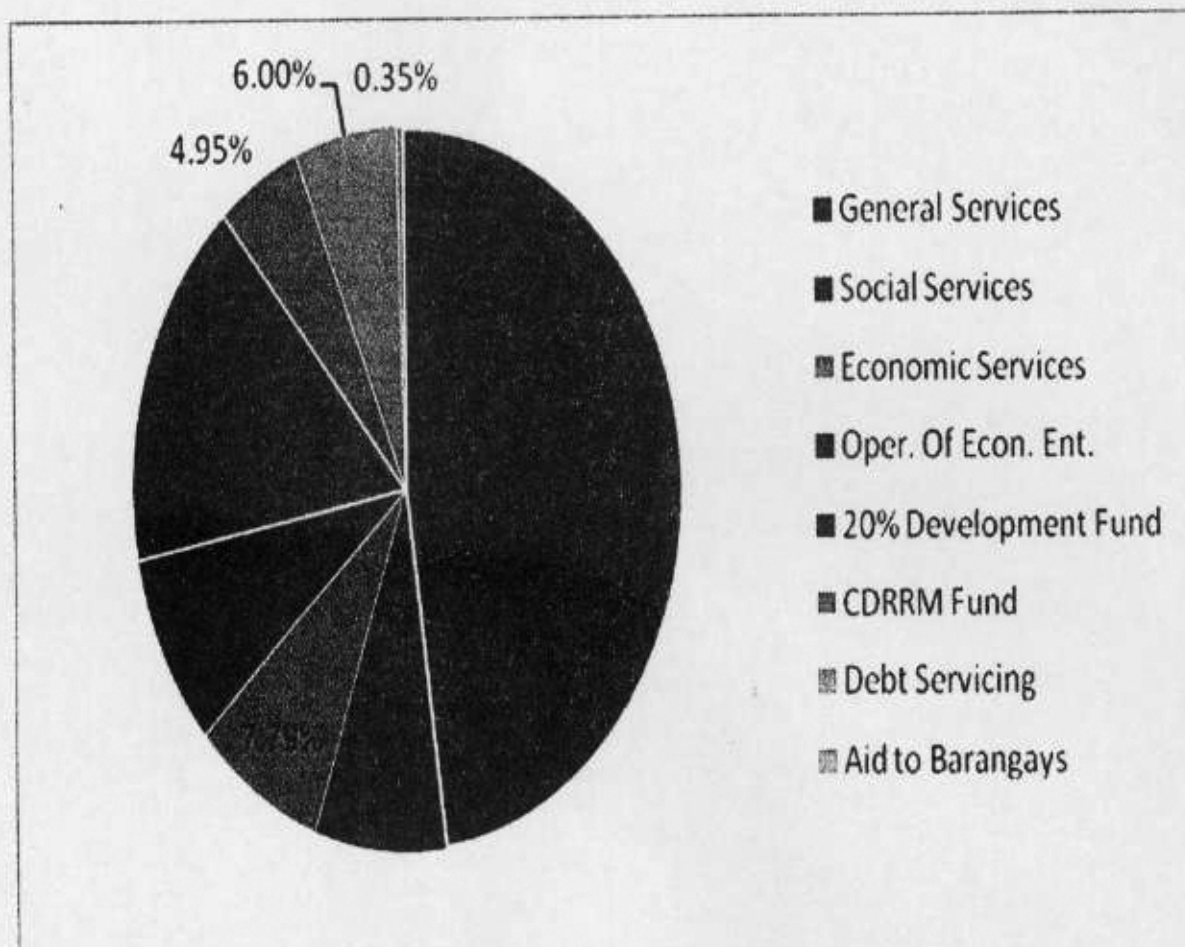

The City Government believes that if poverty is addressed, the rest of the goals will consequently be taken care of. As a learning from partnerships with other local governments and the private sector, our appreciation of our role has been enhanced and our focus has been sharpened to look at what innovative mechanisms are there to ensure programs and services will best deliver the MDGs. Looking at the LGU budget now, a huge chunk is allocated towards infrastructure development that will support sustainable agriculture, education, health and eco-tourism.

The General Fund Budget for FY 2013 is composed of the Expenditure Program and Sources of Financing, both amounting to Php 333,474,962.00. The Expenditure Programs and Sources of Financing are illustrated in Exhibits 1 and 2.

**Exhibit 1 : Distribution by Type of Revenue in million Pesos Budget 2013**

**Exhibit 2 : Expenditure Program (Distribution by Sector) in million Pesos Budget 2013**

## B. GOALS AND OBJECTIVES

The city expects to attain the following objectives during the plan period:

1. Increase income per capita by a stated percentage which is realistic;
2. Provide accessibility to all basic needs and services requirements to a realistic percentage of citizens/constituents of the city;
3. Provide expanding employment opportunities among the poor residents; and
4. Increase agricultural productivity and enhance delivery of health care and services.

## C. FISCAL POLICIES

Some of the revenue-generating measures are as follows:

1. Enhanced tax collection via a vigorous tax information campaign and intensified tax collection effort;
2. Updates scale of fees.

## D. PROGRAM THRUSTS AND PRIORITIES

It has been estimated that our total resources for the budget year will reach **Php 333,474,962.00**. **Php 279,166,962.00** or **83.71%** of these will be derived from IRA.

Our firm resolve to gradually break ourselves free from the heavy dependence on the IRA will manifest itself in the next five years as we see a steadily increasing collection of local taxes. Revenue from local taxes for the budget year is estimated at **Php 54,308,000.00**, for 2013 or **16.29%**.

A summary of our total General Fund Budget Proposal will show the allocation by sector, as follows:

Exhibit 3

Sector	Amount (Php)	% to Total
General Services	159,474,928.00	47.82%
Social Services	25,685,442.00	7.70%

<b>TOTAL</b>	<b>333,474,962.00</b>	<b>100%</b>

### **General Services**

Allocation for this sector is Php 159,474,928.00 or 47.82% of the total budget. The amount will be distributed to programs that will promote order and public safety and for Administrative Overhead and for the regulatory functions of the city.

### **Social Services**

The amount of Php 25,685,442.00 is provided for the delivery of social and health services or 7.70% of the budget. This will be distributed to programs that will promote social and health services and Administrative Overhead for the regulatory functions of the city.

### **Economic Services and Operation of Economic Enterprises**

The budget allocates Php 54,790,289.00 to this sector or 16.42% of the total LGU budget.

The city allocated Php 55,833,386.00 for the Development Fund of the city, all projects included were ranked high priority in the updated Annual Investment Plan (AIP) which have been approved by the Sanggunian. This fund includes programs of the Economic, Social and General Services of the City aside from their regular budget.

### **Other Purposes**

The amount reserved for calamity is Php 16,520,917.00 representing 5% of the regular income sources.

Aid to the 39 barangays at Php 30,000.00 per barangay is provided in the total amount of P1,170,000.00.

### **Appropriations vis-à-vis the MDGs**

The MDGs are not new to local governments as we are at the frontline in terms of the delivery of basic social services, and more importantly we serve as a frontline institution in the fight against poverty. What is new, at least for the City Government of Alaminos, is tagging our PPAs and seeing how these are responding to the challenge of achieving the MDGs which are:

- MDG 1: Eradicate Extreme Poverty and Hunger
- MDG 2: Achieve Universal Primary Education
- MDG 3: Promote Gender Equality and Empowerment of Women
- MDG 4: Reduce Child Mortality
- MDG 5: Improve Maternal Health
- MDG 6: Combat HIV/AIDS, Malaria and Other Diseases
- MDG 7: Ensure Environment Sustainability
- MDG 8: Develop a Global Partnership for Development

Year in and year out we strive to do more for our constituents. Now, we look into what we are doing and see how we can improve on them and maximize further our own limited resources. As reflected in Exhibit 2, the table shows how much of the city's expenditures are identified as PPAs that respond to the MDGs.

EXPENDITURES	MDG Related	Other Support Services	Total Appropriation
20% DF	55,833,386.00	-----	<b>55,833,386.00</b>
Non-Office Less: 20%DF	33,720,917.00	31,507,000.00	<b>65,227,917.00</b>
PS, MOOE & CO	40,472,816.00	171,940,843.00	<b>212,413,659.00</b>
<b>TOTAL</b>	<b>130,027,119.00</b>	<b>203,447,843.00</b>	<b>333,474,962.00</b>

Out of the PhP333.4 M proposed budget for CY 2012, 36% or about PhP112M will be used for projects that will directly address MDG. In terms of specific goals, 46.76% of the PhP112 M is aligned to Goal No. 1, which is the eradication of extreme poverty and hunger.

The whole of the city's 20% Development Fund is allocated for the implementation of MDG-related PPAs as listed below.

We used to deal with the lack of local awareness of the MDG framework, and we had limited capacity to integrate MDGs into our local planning process. But with our partnerships with the private sector and our continuing initiative to improve our capacities, we have also enhanced our knowledge to cost and allocate our budgets to reach MDGs. Furthermore, with these MDG tags, we are in a better position to monitor our progress towards attaining the MDGs.

#### **F. CONCLUSION**

Addressing the MDGs needs an appreciation of our human, natural and physical resources—our programs, projects and activities essentially reflect this. Intensifying our initiatives towards exploiting the potentials of our human resources is a great step towards giving our constituents a chance at having gainful employment, which spells more income for families.

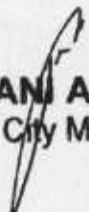

We continually look at what kinds of economic activities best fit the resources available in the city while taking into account how resilient we are to the onslaught of climate change. We stay committed to the task of enhancing the delivery of basic services. And we never stop upholding the tenets of good governance.

At the end of the day, we do our jobs while helping achieve the MDGs through intensified employment generation to reduce poverty, improved agricultural productivity and livelihood promotion, increased investment and tourism promotion, enhanced revenue generation and prudent fiscal administration, ensured quality education for all and better human resource development, continuing infrastructure development, maintenance of peace and order and safety, environment and disaster risk reduction and management, and responsive health and social services.
